### Behind the Scenes @Just Steak

@Just Steak we pride ourselves on not only offering the classic cuts of beef that we are all familiar with, but also something much more specialist. Cuts that have gone under the radar from many chefs and restaurants but are beginning to increase in popularity, the 'butchers take-home favourites', we've named them The Vintage Cuts. All our beef is matured for at least 28 days before being prepared by our in-house butcher.

After the steak has been grilled our chefs rest the steak for a minimum of 5 mins to rejuvenate the juices back into the meat. This process does cool the steak down quite considerably.
